

Your Help is Needed to Bless PNG

Children in the Hospital, School and Orphanage of Papa New Guinea's capital Port Moresby are lacking in basic baby essentials. We have been given the opportunity to bless these children.

The hospital has many volunteers but is unable to supply all the basic essentials new born babies need.

Many babies born in PNG have no suitable clothing or bedding available when they start life. This has significant health implications particularly for premature babies.

A Premature Baby born last month weighed only 800grams. The hospital had to feed the baby with a plastic cup as they had no syringes or way of sterilizing any equipment. Sadly the baby did not survive.

Tranzlink and another anonymous sponsor are very generously covering the cost of shipping.

All donations are appreciated and 2nd hand clothing and books in good condition are welcome.

Donations of the following items are requested.

Please leave donations at the school office for collection.

Prem and Newborn clothing: especially **singlets, short sleeve all in ones**, socks and small booties

Bedding: Sheets, Pillowcases, Baby blankets, Towels

Medical: Plastic syringes and sterilizing unit

Craft items: suitable for under 5 yr olds i.e. Paint brushes, Crayons, Pens, Writing pencils, Glue, Scissors, Rubbers etc

Books: children of all ages, esp. board books, Educational Flash cards, Wooden Puzzles

Any questions please contact Debbie Baldwin on 03 385 6764.

Many Thanks for your Generosity.
